

Psychiatrist

Marin Community Clinics is a vital link for thousands of uninsured and low-income women, children and families in Marin who cannot afford insurance or private health care. We successfully mobilize physicians, other health care providers, public agencies and a network of community organizations to create an extensive health care delivery system serving more than 14,000 patients every year.

Marin Community Clinic is seeking a Psychiatrist (Part time)

The psychiatrist provides quality care to pediatric patients of MCC, consistent with her/his training and expertise, and appropriate to the ambulatory care setting provided.

- Evaluates, diagnoses, and treats mental, emotional, or behavioral disorders affecting children, adolescents, adults and their families.
- Diagnoses disorders, including nature and extent, determines the appropriate course of treatment, and discusses these treatment plans with the patient and/or patient guardian.
- Prescribes medication when necessary.
- Acts as an advocate for the best interests of the patient.
- Familiar with standard concepts, practices, and procedures in pediatric and/or adult psychiatry.
- Reports to the Chief Medical Officer of Marin Community Clinic.

This position requires: a valid and unrestricted license issued by the Medical Board of California to practice psychiatry; 2-4 years of psychiatry experience; a current registration issued by the DEA allowing the prescription of drugs; a current BLS certification; and the willingness and ability to follow clinic policies, objectives and mission established by regulations, grants, management or the Board of Directors. Proficiency in medical Spanish is desired.

Marin Community Clinic offers competitive salary and a comprehensive employee benefit package including Medical, Dental, Vision, Life, Short and Long Term Disability as well as matching 403(b) Retirement Savings, and a generous paid time off program

Interested candidates should submit their CV to:
