Caring for our Communities

Family Practice Physician West County Health Centers, Russian River area, Sonoma County Position Announcement

West County Health Centers, Inc. (WCHC) is seeking a dedicated full-time family practice clinician to provide primary care medical services including acute care, management of chronic conditions, inpatient care and potentially obstetrics, HIV/AIDS or other specialty as a member of our dynamic community health center organization.

This is an exceptional opportunity to practice and grow in a collaborative model of health care delivery with an excellent compensation and benefit package including paid health, dental, disability, malpractice and liability insurance, 403b retirement contribution, continuing education time and expenses, potential for loan repayment, liberal vacation, sick leave and holidays. Call and rounding is shared among providers about every 6 weeks in lieu of scheduled appointments. West County Health Centers has been awarded the "Best Places to Work" designation for 2007 and has been chosen as the pilot Health Care Center for the implementation of eClinical Works electronic health records for 2008 among the Redwood Community Health Coalition of health centers.

West County Health Centers is a non-profit organization which provides comprehensive, quality and accessible health care services to the communities of west Sonoma County, located 75 miles north of San Francisco in the rural redwood and wine and apple country of the Russian River. We are a cohesive team of health care providers, support staff and volunteers dedicated to wellness, compassion, affordability and excellence of care with a patient-centered care team model. We serve a diverse population of adults, children and families, which includes persons with HIV and chronic physical and mental illness. WCHC programs and facilities include health centers in Occidental and Guerneville, a teen clinic in Forestville and Mental Health and Dental Services in Guerneville.

MINIMUM REQUIREMENTS:

- MD or DO, licensed in California, with Board Certification and appropriate experience desirable
- Training and experience with a broad clinical base
- Passion about caring for the under-served
- Openness to all reproductive health options
- Commitment to practicing evidence-based medicine and using technology to improve clinic care, including the willingness to learn eClinical Works EHR
- A positive leader with strong collaborative and teaching skills for the patient and care team members
- Ability to work efficiently and multi-task in a fast-paced environment
- Impeccable honesty and integrity
- Good sense of humor and ability to keep life and work in a healthy balance
