

# Redwood Community Health Coalition (RCHC)

**2016-2020 Strategic Plan – APPROVED JULY 8, 2016, Revised 1/1/2017**

## Where We Are Going

*RCHC’s major focus for the next three years is to strengthen the capacity of member health centers to act as a regional network of comprehensive primary care providers that provide access to consistently high quality clinical care, effective care coordination and reduce health disparities*

<b>Value-Based Care Delivery</b> <i>Enhance the ability of member health centers to operate within an emerging value-based care environment</i>	<b>Access and Equity</b> <i>Support member health centers to increase access to equitable, high quality care for the communities they serve</i>	<b>Strategic Alignment</b> <i>Assist member health centers in exploring opportunities to strategically align to be successful in a value-based environment</i>
<ol style="list-style-type: none"> <li>1. <b>Modernize delivery system data infrastructure:</b> <ol style="list-style-type: none"> <li>a. Lead implementation of an integrated data analytics platform</li> <li>b. Gather uniform data on social determinants of health</li> <li>c. Support coordinated care through health information exchange</li> </ol> </li> <li>2. <b>Facilitate member health center agreement on Shared Clinical Standards and Protocols</b></li> <li>3. <b>Provide peer-sharing, training and other education opportunities to promote member understanding and use of population health management tools and strategies</b></li> </ol>	<ol style="list-style-type: none"> <li>1. <b>Advocate to preserve and expand access and equity in healthcare for all</b></li> <li>2. <b>Partner with social services, building community partnerships to address complex needs of patients as identified by health center assessments</b></li> <li>3. <b>Provide training and resources to ensure coverage enrollment, maximize retention and promote health insurance literacy</b></li> </ol>	<ol style="list-style-type: none"> <li>1. <b>Explore business models for joint value-based initiatives and joint contracting</b></li> <li>2. <b>Explore the role of RCHC in regional workforce collaborative and promotion of workforce strategies</b></li> <li>3. <b>Convene member health center CEOs and CHC Board Leadership to discuss merger and alliance trends and opportunities</b></li> </ol>

## CORE COMPETENCIES

### Advocacy and Regional Leadership

*Build RCHC’s presence and effectiveness on a regional, state, and national level as an advocate and partner to address the needs of low-income patients and sustain the community health centers that serve them*

### Peer Leadership Networking and Best-Practices Sharing

*Facilitate peer forums and evidence-based programs that enhance the identification, description, and spreading of health center best practices throughout and beyond the RCHC network*

### Relevant, Effective, and Sustainable Consortium Infrastructure

*Develop and maintain RCHC financial, programmatic, and technology infrastructure and human resources that promote the strategic goals and core competencies of RCHC and its members*
